

Lyon Park Primary School

Pupil Premium Report Summer 2018

Lyon Park is a large 4 form entry school with 901 pupils. We serve an area of significant deprivation and our pupils come from a wide range of ethnic minority backgrounds. The majority of our pupils are of Indian heritage and we have an increasing number of children from India arriving in school with little or no English, and no previous schooling. At Lyon Park Primary School, we expect all pupils to achieve their potential, regardless of background or starting point. However, we have identified a number of barriers which disadvantaged pupils face through their time at Lyon Park Primary School. These are barriers which can impact on pupils' attainment, progress and wellbeing, particularly in comparison to their peers.

The main barriers we have identified are:

- Arrival in school with below average attainment, especially in speech, language and communication
- Decreased likelihood of fulfilling complete academic potential
- Fewer opportunities outside school for enrichment and wider personal development
- Inconsistent attendance and punctuality
- Increased risk of social and emotional difficulty
- Lack of opportunity to prepare fully for life in modern Britain

There are a number of ways in which we support disadvantaged pupils at Lyon Park. We are careful to target our support in ways which have been proven through research to have greatest impact. For example, the founding principles of our support strategy for disadvantaged pupils at Lyon Park are based on research undertaken by the NFER in conjunction with the Department for Education. We also use the Education Endowment Foundation's (EEF) impact rating to predict the 'months' impact' a particular intervention will have on learning.

The principles behind our support strategy are as follows:

1. An ethos of high achievement for all pupils
We expect all pupils to reach their potential; we do not stereotype disadvantaged pupils as having less potential or facing similar barriers
2. Early and targeted support for behaviour and attendance
We recognise that good attendance and positive behaviour for learning form the foundation of a successful school experience
3. High quality teaching for all pupils
We believe that quality teaching in the classroom is the most effective way to raise standards
4. Tailored support for individual learning needs
We identify pupils' needs and provide individualised support if required
5. Effective staff deployment
We use the most skilled staff to work with the pupils who need most support

6. Use of data to monitor impact

We are constantly using assessment data to monitor impact of our work and make adjustments as necessary

7. Clear leadership

We set extremely high aspirations for staff and hold everyone accountable for raising attainment.

Some areas of our support strategy have a financial implication; some do not. Where our support for disadvantaged pupils incurs a cost, we are careful to use our Pupil Premium funding to sustain these activities.

We track our expenditure carefully through the year, and we are continuously assessing the impact of this funding.

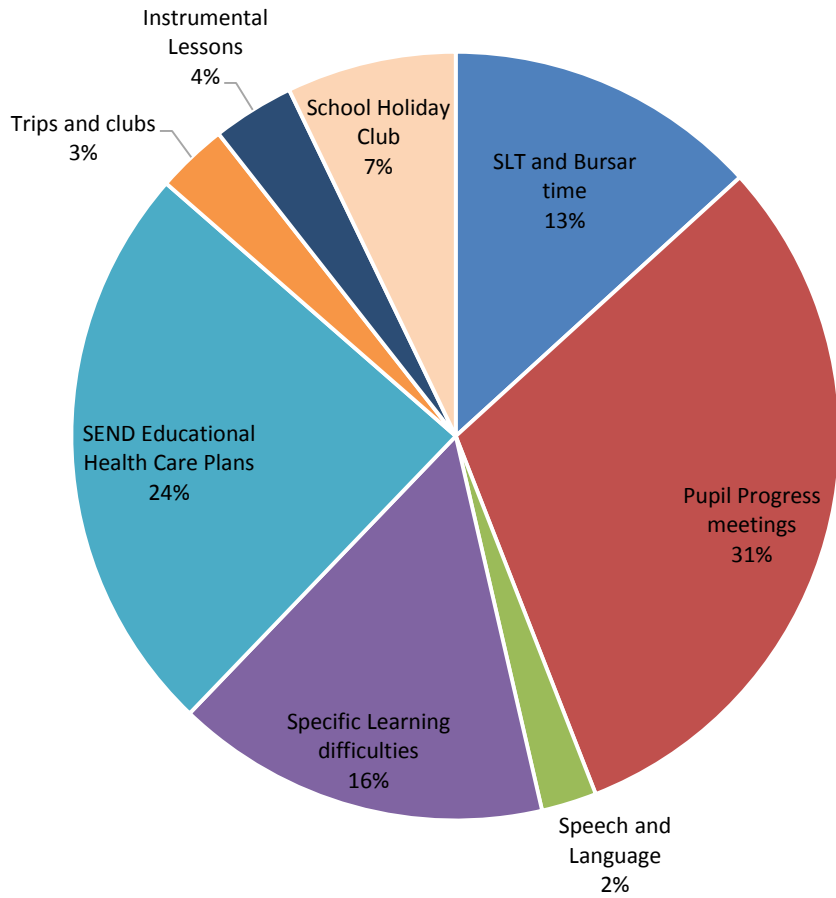

Pupil Premium Funding (April 2018- July 2018)	
Total number of Pupils on roll (Reception Year 6- September 2017)	906
Number of pupils eligible for Pupil Premium	35 (decreased from 17 pupils due to year 6 leavers)
Pupil Premium Funding	£19,283 (forecasted)

Academic Year (April 2018 – July 2018)

Pupil Premium Expenditure

	Programme	Rationale	Impact Measure	Overseen By	EEF Impact	Cost	Category Total
Leadership	SLT and Bursar time	<i>Each half term, the Bursar and SLT members meet to monitor Pupil Premium expenditure. We also hold workshops for parents to promote the Pupil Premium Grant and explain how that will benefit their child.</i>	More pupils are in receipt of Pupil Premium	P. Lachani	N/A	£1,725	£5,741
	Pupil Progress meetings	<i>We spend time each term meeting with Year Leaders and Teachers discussing pupil's progress and attainment. As a result, pupil's needs are identified and support for individuals or groups are implemented.</i>	Attainment and Progress Data	T. Bhambra	N/A	£4, 016	
Interventions	Speech and Language	<i>We have qualified TAs who deliver SALT interventions for pupils identified through data and pupil progress meetings.</i>	PP attainment and Progress Targets set by Speech and Language Therapist	M. Russell	+5	£303	£14,039
	Specific Learning difficulties	<i>We have a qualified teacher who specialises in pupil with Specific learning difficulties namely dyslexia who assesses, plans and delivers personalised interventions.</i>	PP attainment and Progress PM Benchmarks (Reading assessment)	M. Russell F. Almondez	+5	£2,056
