

Remote Learning - Nursery

30th November 2023

Literacy

Listen to the story Dear Zoo by Rod Campbell. [Dear Zoo \(Share a Story Corner\) - YouTube](#)

Encourage your child to join in with the story.

Ask your child to listen carefully. Choose an animal from the story and describe it. Ask your child if they can guess which animal you were describing. Example:

I am thinking of an animal. It has 4 legs, a tail and a very long neck. Which animal am I thinking of?

Repeat using other animals. Swap roles so your child gets to describe for you.

Maths

Counting

Watch Number Blocks – The Number 2

[@Numberblocks- The Number Two | Learn to Count - YouTube](#)

Draw pictures with your child to represent the number 2. You might draw two rabbits, two robots and two birds.

Physical Development

Play some music of your choice and dance with your child. Make up different movements and see if your child can copy them. Ask your child to make up some movements. Have fun dancing together.

Personal, Social and Emotional Development

Play a game with your child that involves taking turns. You will have to choose a game based on the resources you have at home.

Ideas include:

Matching pairs games

Snakes and Ladders

Hitting a balloon back and forth to each other
