Monday 15th April 2024

Dear Parents and carers,

Re: Oral Health Workshop

Dental decay is one of the commonest health conditions affecting children and young people. It is one of the top causes of non-emergency hospital admissions for children. Join us at the oral health workshop run by oral health experts and find out how you can improve your child's oral health and help prevent tooth decay.

Date: Monday 22nd April

Time: 8:50am – 9:30am

Venue: School hall (please arrive at the school office)

Attendance is especially important for parents and carers with children aged 3-7 years old. We look forward to seeing you at this workshop.

Your sincerely,

Ms L Gallagher
Assistant Headteacher
