Chair of Governors: Miss I Yarde

10th May 2024

Dear Year 2 children and parents/carers,

In science this year, we have spent lots of time learning about habitats and different animals and plants that are suited to different habitats.

Your homework task is to create a 3D model of a habitat of your choice. Think about what animals might live in your habitat. What plants could grow there? What would you see there?

Below are some examples and there are many more on the school website ([Year 2 Habitats June 2023 » Lyon Park Primary School](#)). Please bring them to school by Monday 3rd June.

Have fun and be creative!
Year 2 team
